

The Low Cost Alternative!

FloSense™

Disposable pneumotach

The low-cost alternative to Puritan-Bennett flow sensors!

It just makes sense. Our easy-to-use flow sensors are ideal for both adult and pediatric patients. Why pay more when we provide the same quality and performance as other manufacturers – at a fraction of the cost.

- Meets or exceeds all American Thoracic Society specifications
- Won't affect manufacturer's warranty

FloSense™

FloSense

Compare to the Puritan Bennett FS200 and BD250 used on Renaissance® and other spirometers!
